Dear Mr Basnett

I write in response to your request for a formal appeal in relation to your recent request under the Freedom of Information Act (the Act).

I have reviewed your initial request and the response from the Constabulary. I accept that the original police response did not fulfil your request in relation to the incidents. No particular exemption applies in this case and so I have included the missing information below.

However in relation to the other matter, I am advised that information prior to August 2012 is not held. As was previously explained the date of birth of the individual was only deployed on each deployment form, which were held in hard copy format and sent to the Home Office. Only key pieces of such as how the Taser was used and the number of occasions, were retained.
